in the new millennium categories of identity have become particularly destabilized with the emergence of a new generation of people in the nordic region who demand more dynamic and fluid identities new dimensions of diversity in nordic culture and society reinvestigates the tired concept of diversity to make room for dynamic new realities as well as the ample new questions to which they give rise this volume assumes diversity to be a fundamental feature of nordic modernity given that the nordic countries consistently rank among the world s wealthiest most educated and most egalitarian these case studies provide important counter narratives to prevailing local and global discourses of nordic ness the contributors not only interrogate historical categories of diversity in a nordic context including gender sex class ethnicity and race they also show how these categories

intersect they examine new forms of and platforms for diverse ideas and creative expression including fluid masculinities digital cultures new media and fashion they question the terms on which the nordic region s indigenous peoples the sámi and the greenlandic inuit as well as stateless people such as the kurds are brought into nordic discussions of diversity citizenship and agency and analyze the implications of particular neo nationalist and patriarchal discourses that have emerged since the turn of the century the book draws from a variety of disciplinary perspectives and interdisciplinary fields and will spark productive and critical conversations among all with an interest in the national and regional cultures subcultures and social dynamics that inform modern life in the nordic region

despite increasing scholarship on the cultural cold war focus has been persistently been fixed on superpowers and their actions missing the important role played by individuals and organizations all over europe during the cold war years this volume focuses on cultural diplomacy and artistic interaction between eastern and western europe after 1945 it aims at providing an essentially european point of view on the cultural cold war providing fresh insight into little known connections and cooperation in different artistic fields chapters of the volume address photography and architecture popular as well as classical music theatre and film and fine arts by examining different actors ranging from individuals to organizations such as universities the volume brings new perspective on the mechanisms and workings of the cultural cold war finally the volume estimates the pertinence of the cold war and its influence in post 1991 world the volume offers an overview on the role culture played in international politics as well as its role in the cold war more generally through interesting examples and case studies
