this book aims to show practice approaches at work in the fields of european diplomacy and security broadly conceived it sets out to provide readers with a hands on sense of where research on social practices and european diplomacy security and foreign policy currently stands the book reviews how practice approaches have evolved in international relations ir and brings together an unique set of contributions which highlights how insights from practice approaches can be applied to advance research on a number of key issues in these fields while the debate about practices in ir goes beyond the case of diplomacy the latter has become a showcase for the former and this book continues the debate on practices and diplomacy by zooming in on the european union examples of issues covered include the evolution of eu nato relations seen from the perspective of communities of practice burden sharing as an anchoring practice for european states involvement in crisis management operations the practical knowledge shaping the eu s responses to the arab uprisings agency as accomplished in and through eu counter piracy practices and the political resistance to israeli occupation and the non official recognition of palestine performed by eu diplomats thus by focusing on specific practices and analytical mechanisms that contribute to understand the transformations of european diplomacy security and foreign policy this book provides essential readings to anyone interested in innovative ways to grasp the contemporary challenges that face the eu and its member states the chapters originally published as a special issue of european security

japan s unusual position in the realm of international politics encapsulates a three fold juxtaposition both in and out of asia both occupied by and a close ally of the united states and both a key trade partner and a strategic rival of china whilst international relations theory offers a number of ways to analyse these relations this book instead utilizes the concept of risk to provide an innovative perspective on japan s relations with china north korea and the us the book elucidates how risk potential harm and harm are faced disproportionately by certain groups in society this is demonstrated by providing an empirically rich analysis of the domestic implications of security relations with china north korea and the united states through the presence of us troops in okinawa beginning with a theoretical discussion of risk it goes on to demonstrate how the concept of risk adds value to the study of international relations in three senses first the concept helps to break down the boundaries between the international and domestic second the focus on risk and the everyday directs us to ask basic questions about the costs and benefits of a security policy meant to secure the national population third what implications do these two points have for governance the question is one of governance as japan s externally oriented security policy produces domestic insecurity shared disproportionately not equally as this volume makes clear developing the theory of risk as a tool for understanding international relations this book will be of great interest to students and scholars of asian politics japanese politics international relations and security studies as well as to policy makers and practitioners working in the field

in 1944 the british fourteenth army and the japanese fifteenth army clashed around the town of imphal manipur in north east india in what has since been described as one of the greatest battles of the second world war over 200 000 soldiers from several nations fought in the hills and valley of manipur on the india burma myanmar frontier this book is the first systematic mapping of the main scenes of the fighting in the critical battle of imphal it connects the present with the past and links what exists today in manipur with what happened there in 1944 the events were transformative for this little known place and connected it with the wider world in an unparalleled way by drawing on oral testimonies written accounts and archival material this book revisits the old battlefields and tells the untold story of a place and people that were perhaps the most affected by the second world war in india the volume will be of great interest to scholars and researchers of military history especially the second world war defence and strategic studies area studies and north east india

this 2015 article iv consultation highlights that against the backdrop of external shocks economic growth and inflation in kazakhstan have decelerated financial conditions have tightened and external imbalances are emerging real gdp growth slowed to an annualized 2 percent during the first quarter of 2015 down from about 4 percent in 2014 and 6 percent in 2013 in addition to weaker external demand slower growth was driven by the impact of lower income and profitability and confidence effects on private consumption and domestic investment real gdp growth is projected to decelerate to 2 percent in 2015 owing to weaker demand from russia and china lower oil prices confidence effects and continuing delays in the kashagan oil field

this collection provides an in depth and up to date examination of the concept of intangible cultural heritage and the issues surrounding its value to society critically engaging with the unesco 2003 convention for the safeguarding of the intangible cultural heritage the book also discusses local level conceptualizations of living cultural traditions practices and expressions and reflects on the efforts that seek to safeguard them exploring a global range of case studies the book considers the diverse perspectives currently involved with intangible cultural heritage and presents a rich picture of the geographic socioeconomic and political contexts impacting research in this area with contributions from established and emerging scholars public servants professionals students and community members this volume is also deeply enhanced by an interdisciplinary approach which draws on the theories and practices of heritage and museum studies anthropology folklore studies ethnomusicology and the study of cultural policy and related law the routledge companion to intangible cultural heritage undoubtedly broadens the international heritage discourse and is an invaluable learning tool for instructors students and practitioners in the field

eddie s story is by turns hilarious informative and the living spirit of its age he piles the most unlikely anecdotes on top of one another creating a land of enchantment and an order of chemically altered consciousness that rescues an era i d thought not so much lost as forgotten not only am i thrilled i ve read this story and wish i was in it i wish i d written it dave marsh from the foreword the armadillo world headquarters was one of the most exciting and remained one of the most exciting places in the united states for the years that it was in operation i saw a little of everything at the armadillo and it was one of the great experiences of my life ann richards from

the author's preface on August 7, 1970, Eddie Wilson and a band of hippies threw open the doors of Armadillo World Headquarters and the live music capital of the world was born in Austin, Texas. Over its ten-year lifespan, the Armadillo hosted thousands of high-profile musicians: Willie Nelson, Frank Zappa, Bruce Springsteen, Taj Mahal, AC/DC, Charlie Daniels, The Ramones, Roy Buchanan, and Bette Midler, to name a random few. The Armadillo helped define the Austin lifestyle, culture, and identity, setting the stage for successors such as the SXSW Music Festival, PBS's *Austin City Limits*, and the ACL Festival, which have made Austin an international destination for music fans. In this rollicking memoir, Eddie Wilson tells the behind-the-scenes story of the Armadillo from the moment he first peered into a derelict National Guard armory building and knew that destiny had found him. He vividly describes how two previously clashing groups, rednecks and hippies, came together at the Armadillo, enjoying a new blend of country music and rock that spawned a many-named movement: cosmic cowboy, progressive country, and redneck rock, among others. Wilson also reveals the struggles and creative solutions that kept the doors open: the angels who provided timely infusions of cash; the janitors and carpenters who maintained the dillo; and the artists who created iconic poster art. Extensively illustrated with candid photographs and music posters, *Armadillo World Headquarters* recounts the story of this legendary venue as no other book can.

The European Yearbook promotes the scientific study of nineteen European supranational organisations and the OECD. Each volume contains a detailed survey of the history, structure, and yearly activities of each organisation and an up-to-date chart providing a clear overview of the member states of each organisation.

Seminar paper from the year 2014 in the subject Business Economics: Offline Marketing and Online Marketing, Grade 1.0, EGADE Business School, Language: English.

Abstract: The automobile industry is famous for being ahead of the curve. In most areas, automotive companies cannot rely on a one-time announcement or word of mouth chatter to keep a steady stream of customers. These companies have to have well-developed advertising strategies in their marketing processes in order to sustain a profitable growth in all the markets they serve throughout the world. Mercedes-Benz (MB) is a German high-class automobile company. Its products stand for luxury, reliability, and dependability. The company belongs to the multinational division of the German manufacturer Daimler AG and has its headquarters in Stuttgart, Baden.

württemberg germany the company has 274 616 employees and gained a profit of 10 887 billion u s dollar with revenue of 147 257 billion u s dollars mexico is very important for the company s north american strategy which can be proved by the fact that mercedes benz produces its cars in monterrey nuevo leon mexico according to the mckinsey global media report 2013 latin america provided the highest growth in expenditure for advertising in 2012 the increase was 13 3 percent the increasing investments of automotive companies are a reason for it in 2011 the industry expanded its expenditures in advertising by 101 percent a critical analysis of the mb s marketing strategy in mexico is the purpose of this research paper since we are not able to cover all aspects of the marketing of mb due to the limitation of 10 to 15 pages for this paper the study will be focusing on the following areas sponsoring social media tv advertisements and magazine commercials thus other areas of marketing like brand management or viral marketing will not be addressed the products and services the company offers in mexico will be mentioned the marketing strategy of mercedes benz méxico will be described and target groups will be defined at the end of this paper we will state how mb can use its marketing in mexico more efficiently in order to gain higher profits
